

# Bug Ticket Example

**Title: [Explore Page] Sorting by date is not sorting by first date of event correctly**

**Description:**

- In explore page, the first date of the event not sorted properly as per sorting function

**Testing Environment:** TEST ADDRESS

**Device and Browsers:** Macbook M1 - Chrome

**Precondition:**

- User is in the Homepage

**Reproduce Steps**

- Go to Explore Page
- Select Animals
- Choose sort by date
- check the data from the first one until fourth one

**Actual Outcome**

- The show data is not sorted correctly

[Screen Recording 2023-02-02 at 15.29.43.mov](#)

**Expected Outcome**

- the data should be sorted by the first event date of the show
- the first load of the explore page should already sort the list
- please check other category other than animal as well
  - they do not have specific date/ more information modal but might worth to check whether they are sorted by the date in Block
- Requirement Reference: LINK
- Design: FIGMA LINK
